Protective impregnations and surface coatings: Sikagard®, SikaCor®

Structural strengthening: Sikadur®, SikaWrap®, Sika® CarboDur®, Sika AnchorFix®

ADDED VALUE FROM SIKA

For over three decades, Sika has been a reliable partner with specialized contractors supplying them with industrial construction solutions and sharing its technical expertise on all continents. The products and systems used in new chimneys and retrofitted structures are thoroughly tested in Sika laboratories before being submitted to independent testing organizations. The results have been unequivocal in the labs and onsite: Sika products perform and withstand the harshest weather conditions in the real environment. That's how you gain the confidence of the Power industry across the world.

Worldwide Presence: With a workforce of more than 17,000 employees, a presence in 91 countries and over 160 industrial sites, you can always count on Sika, no matter the location or the complexity of your project.

Total Project Support: From product selection to project completion and delivery, Sika is your partner of choice. We offer dependable support throughout the entire construction process.

Life Cycle Assessment Approach: Sika carries out LCAs according to the ISO 14040 series and the Standard EN 15804. The impact assessment methodology used is CML 2001.
