

Sikagard® Duroplast® | THE NEW GENERATION OF WALL COATINGS

NEW Sikagard® Duroplast®- 150 N is a water-based, **low VOC, low odour**, high solids, pigmented, epoxy wall coating producing a durable finish in a range of gloss levels (Satin and Gloss). **Sikagard® Duroplast®-150 N** demonstrates **superior UV resistance** to colour change and contains high performance resins that naturally inhibit the growth of bacteria, molds, mildew and fungi for the lifetime of the coating.

ADVANTAGES

- Durable seamless surface, easily cleaned and maintained
- Waterproof, suitable for in-service areas exposed to high humidity
- Unlimited colours selection
- Aesthetic, fine textured finish
- Good chemical and abrasion resistance
- Excellent opacity and colour hiding capability
- Low VOC emissions and content

THE SYSTEM

Sikagard® Duroplast® is a CFIA-accepted and LEEDv4 compliant, **epoxy-based wall coating system** for **indoor applications**. It is available in **custom colours** and contains high performance resins, **antimicrobial and antifungal**.

Sikagard® Duroplast® is ideal for **high performance** and **aesthetic** wall coverings in healthcare facilities, schools, kitchens, locker rooms, laundry rooms and much more.
