15.14 L (4 US gal)

AVAILABLE COLOURS: White & Coloured

TO LEARN MORE

Our most current General Sales Conditions shall apply.

Please consult the most current local Product Data Sheet prior to any use.

SikaWall®-485 MP Texture is a coarse textured filling, potassium silicate tinted priming paint used as a base coat exclusively in combination with SikaWall®485 MP. It can be used to fill non-moving hairline cracks and equalize different textures on facades. It is particularly suitable for old historic and new surfaces.

## ADVANTAGES

- Ready-to-use, for exterior and interior applications
- Fills cracks up to 0.3 mm (12 mil) wide
- Extremely vapour-permeable, allows the system to breathe
- Easy to apply & excellent covering power

## WHERE TO USE

- Application on absorbent surfaces such as concrete, brick, most stones, stucco, historic masonry, mortars, lime plasters, CMU, GFRC, cement boards and plasters, etc.
