

SIKA INDUSTRY TECHNOLOGY LEADER IN INDUSTRIAL BONDING, SEALING, AND ACOUSTIC SOLUTIONS

MOVING INDUSTRIES FORWARD

At Sika Industry, we provide high-performance solutions tailored to meet the diverse needs of industrial applications. With cutting-edge technology, sustainability, and innovation at the core of our business, we drive efficiency, durability, and cost effectiveness across multiple industries.

INDUSTRIES WE SERVE

AUTOMOTIVE AFTERMARKET

Full range solution for windshield replacement and car body repairs

TRANSPORTATION

Adhesives, sealants and acoustic parts for manufacturing and repair of commercial vehicles

MARINE & SHIPBUILDING

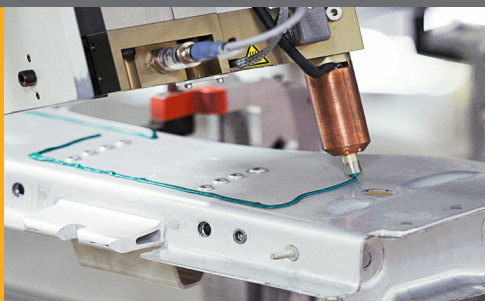

Durable and weather-resistant solutions for vessels and offshore structures

RENEWABLE ENERGY

Advanced solutions for wind turbine repair and sealing

INDUSTRIAL ASSEMBLY

Flexible and rigid adhesives for appliances and machinery assembly and repair

BUILDING COMPONENTS

Structural glazing adhesives and weather-resistant sealants for facades and windows

ELASTIC ADHESIVES AND SEALANTS

Our range of adhesives particularly suited to bond rigid, flexible and semi-flexible materials used in fitting out of vehicles, vessels, caravans, and motor homes.

Our globally recognized **Sikaflex®** range of polyurethanes **for combined bonding and sealing applications**.

- High strength, heavy-duty, elastic, gap-filling adhesives for assembly line and repair applications.

STRUCTURAL BONDING

SIKA'S STRUCTURAL ADHESIVES RANGE contains a selection of adhesives from the latest epoxy, polyurethane, methacrylate technologies to meet the highest demands of high-performance bonding applications.

Our **SikaForce®**, **SikaFast®** and **SikaPower®** range of adhesives offer superior load-bearing capabilities, making them ideal for applications requiring high-strength bonding for example, replacing welding with bonded joints.

IMPROVED DURABILITY

REDUCED WEIGHT

ENHANCED STRUCTURAL PERFORMANCE

TRUST SIKA

From the design phase to production, anywhere and in any climatic conditions.

- Increased production speed
- Reduced cleaning and maintenance
- Increased use of bonding techniques

Our most current General Sales Conditions shall apply.
Please consult the most current local Product Data Sheet prior to any use.
