

PRODUCT DATA SHEET

Sable Marco® Ice Salt

High-quality de-icing salt designed to quickly melt snow and ice on outdoor surfaces in cold winter conditions

DESCRIPTION

Sable Marco® Ice Salt is a high-quality sodium chloride crystals that efficiently melt ice and snow at temperatures as low as -15 °C (5 °F). It helps break the bond between ice and the surfaces, facilitating easier removal while improving safety by preventing slips and falls.

USES

Ideal for all outdoor surfaces such as driveways, sidewalks, steps, interlocking pavers, loading docks, and roadways. It is suitable for both residential and commercial applications.

FEATURES

- Melts ice and snow effectively to -15 °C (5 °F)
- Fast-acting and long-lasting
- Helps reduce slipping hazards
- Ideal for use on a variety of outdoor surfaces
- Easy to apply for quick ice removal

PRODUCT INFORMATION

Packaging	10 kg (22 lb) bag 20 kg (44 lb) bag 40 kg (88 lb) bag 1000 kg (2200 lb) bag
Shelf life	3 years
Storage conditions	Store in a cool, dry place. Keep bags sealed to prevent moisture exposure. Avoid contact with soil or debris.

BASIS OF PRODUCT DATA

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

ECOLOGY, HEALTH AND SAFETY

User must read the most recent corresponding Safety Data Sheets (SDS) before using any products. The SDS provides information and advice on the safe handling, storage and disposal of chemical products and contains physical, ecological, toxicological and other safety-related data.

APPLICATION INSTRUCTIONS

Clear loose snow to expose the icy surface. Apply a thin, even layer of Sable Marco® Ice Salt without over-applying. Reapply after snowfall or heavy traffic. Remove slush to prevent re-freezing. Do not use on damaged or new concrete cured for less than 12 months.

LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for exact product data and uses.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
