

PRODUCT DATA SHEET

# Sable Marco® River Stone

Natural river stones, offering an aesthetic and functional solution for a variety of landscaping projects

DESCRIPTION

Sable Marco® River Stone are water-polished, natural pebbles that offer both aesthetic appeal and functional versatility for a wide range of landscaping projects. Their smooth, rounded finish and variety of available sizes make them ideal for garden pathways, planter beds, aquariums, water features, and other decorative outdoor designs.

FEATURES

- Natural aesthetics
- Durable and weather-resistant
- Washed and ready-to-use
- Available in multiple size options

USES

- Garden paths and walkways
- Pool areas
- Ground cover
- Planter bed topping
- Other landscaping projects

## BASIS OF PRODUCT DATA

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

## ECOLOGY, HEALTH AND SAFETY

User must read the most recent corresponding Safety Data Sheets (SDS) before using any products. The SDS provides information and advice on the safe handling, storage and disposal of chemical products and contains physical, ecological, toxicological and other safety-related data.

## APPLICATION INSTRUCTIONS

### Surface preparation:

Ensure the area is clean and free from debris, weeds, or any other obstructions. For better results, consider laying-down a weed barrier fabric before applying the river stones.

### Spread the Stones:

Evenly distribute the Sable Marco® River Stone across the surface area. Typically 25 - 50 mm (1 - 2 inch) layer for decorative purposes. Use a rake or shovel to spread them evenly and shape the surface. Compact the stones if needed to ensure they stay in place.

### Maintenance:

Periodically check for any weeds growing through the stones and remove them as needed. Replenish the stones if the layer becomes uneven or begins to thin over time.

## LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for exact product data and uses.

## LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
