

PRODUCT DATA SHEET

Sable Marco® Pool Salt

Rapid dissolution pool salt

DESCRIPTION

Sable Marco® Pool Salt is a high-purity, ultra-fine, fast-dissolving pool salt designed for use in swimming pools equipped with saltwater chlorination systems. Odourless and easy to use, it dissolves quickly to support reliable system performance and stable water chemistry. By reducing the need for manually added chlorine, it offers a safer and more convenient alternative to traditional chemical sanitizers.

USES

Sable Marco® Pool Salt is suitable for both residential and commercial pools, including in-ground and above-ground installations.

FEATURES

- Ultra-fine grain size for rapid dissolution in pool water
- High-purity salt for pools equipped with chlorine generator
- Optimizes chlorine generator performance
- Supports correct salinity levels required for chlorine generation
- Odourless product for a more pleasant pool environment
- Ready-to-use, for easy application

PRODUCT INFORMATION

Packaging	20 kg (44 lb) bag
Colour	White
Shelf life	3 years
Storage conditions	Store in a cool, dry area protected from the elements. Keep bags sealed to prevent moisture exposure.

APPLICATION INFORMATION

Recommended dosage	Pool size	Water volume	3200 ppm	800 ppm	400 ppm
	4.5 m (15 ft)	20 000 L (5283 US gal)	3 bags	1 bag	8 kg (17.6 lb)
	5.5 m (18 ft)	30 000 L (7 925 US gal)	4.5 bags	1 bag	12 kg (26.5 lb)
	6.5 m (21 ft)	40 000 L (10 567 US gal)	6 bags	1.5 bags	16 kg (35.6 lb)
	7.3 m (24 ft)	50 000 L (13 209 US gal)	8 bags	2 bags	20 kg (44 lb)
	8.2 m (27 ft)	65 000 L (17 171 US gal)	10 bags	2.5 bags	26 kg (57.3 lb)
Note: Sable Marco® Pool Salt quantities by target concentration are provided as general guidelines, always follow your chlorine generator and pool manufacturer's specific instructions					

BASIS OF PRODUCT DATA

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LIMITATIONS OF USE

- For exclusive use in swimming pools equipped with a chlorine generator.
- Always follow the chlorine generator manufacturer's specific guidelines for salt dosage and application.
- Adhere to the pool manufacturer's recommendations, especially for new pool installations.
- Regular water testing and maintenance should be performed following pool manufacturer instructions to ensure optimal water quality.

ECOLOGY, HEALTH AND SAFETY

User must read the most recent corresponding Safety Data Sheets (SDS) before using any products. The SDS provides information and advice on the safe handling, storage and disposal of chemical products and contains physical, ecological, toxicological and other safety-related data.

APPLICATION INSTRUCTIONS

- Add the pool salt directly into the pool water, distributing it evenly around the perimeter.
- Make sure that the bag does not contain any agglomerated salt particles to ensure complete dissolution of the salt and to avoid salt build-up on pool surfaces or liners.
- Follow the salt dosage and maintenance guidelines provided by the salt chlorinator and pool manufacturer.
- Regularly test pool water and maintain balanced water quality to optimize system performance.

LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for exact product data and uses.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
