

PRODUCT DATA SHEET

Sable Marco® Filtration Glass

Filtration glass for pool water filtration systems

DESCRIPTION

Sable Marco® Filtration Glass is a high-quality filtration media made from recycled glass, specifically designed for swimming pool filtration systems. Its angular shape provides efficient water flow, contaminant removal, and long-lasting performance. Suitable for residential and commercial pools.

USES

Sable Marco® Filtration Glass is designed for use in pool and spa filtration systems, including residential, commercial, and public installations.

FEATURES

- High-quality crushed glass
- Made from recycled materials
- Long-lasting and durable
- Ready-to-use, for easy application

PRODUCT INFORMATION

Packaging	22.7 kg (50 lb) bag
Shelf life	3 years
Storage conditions	Store in a cool, dry area protected from the elements. Keep bags sealed to prevent moisture exposure.

BASIS OF PRODUCT DATA

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LIMITATIONS OF USE

- Should only be used in pool filtration systems.
- Not intended for use in industrial or chemical filtration applications.

ECOLOGY, HEALTH AND SAFETY

User must read the most recent corresponding Safety Data Sheets (SDS) before using any products. The SDS provides information and advice on the safe handling,

storage and disposal of chemical products and contains physical, ecological, toxicological and other safety-related data.

APPLICATION INSTRUCTIONS

Pour the required quantity of Sable Marco® Filtration Glass into the filter tank, avoiding direct impact on internal components. Fill to the level specified by the filter manufacturer.
The media should be replaced when filtration efficiency declines or when it becomes contaminated. Regular inspection and maintenance will help determine the appropriate timing for replacement.
Always follow the filter manufacturer's guidelines for backwashing, rinsing, and operating pressures for optimal performance.

LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for exact product data and uses.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
