Version 08/2006 (11/2012)

Sika® CleanGlass^{CA}**High-Quality, Streak-Free Glass Cleaner****Technical Data**

Chemical Base	Isopropanol in Aqueous Solution
Colour	Light Blue/Transparent
Density (CQP ¹ 006-3/ISO 2811-1)	Approx 0.98 kg/L
Flash Point (CQP 007-1/ISO 13736)	37°C
Application Temperature	5°C to 35°C
Application Method	Spray and Wipe-Off
Shelf Life	60 Months
¹ CQP = Corporate Quality Procedures; ² 23°C and 50% Relative Humidity	

Description

Sika® CleanGlass is an alcohol-based solution for cleaning glass and non-porous surfaces. Sika® CleanGlass can be used to remove finger-marks, residue and general dirt. The product leaves no residue and the surface does not require subsequent polishing, thus making it easy-to-use. Sika® CleanGlass is manufactured in accordance with the ISO 9001/14001 quality assurance system.

Product Benefits

- Leaves no surface residue; easy-to-use;
- Environmentally-friendly: dispensed in spray-nozzle bottle rather than aerosol can.

Areas of Application

Sika® CleanGlass has been designed to clean glass and other non-porous surfaces.

Method of Application

Spray Sika® CleanGlass directly onto the surface to be cleaned; wipe clean with a dry, clean, lint-free cloth. Surfaces must be allowed to dry completely before the next step in surface preparation is carried out.

Packaging

1 Litre Plastic Spray Bottles

Value Bases

All technical data stated in this Product Data Sheet are laboratory test-based. Current measured values may vary due to factors beyond our influence.

Health and Safety Information

For information and advice on the safe handling, storage and disposal of chemical products, users should refer to the current Material Safety Data Sheet containing physical, ecological, toxicological and other safety-related data for the appropriate type of substance. All Product Data Sheets and Material Safety Data Sheets are available on our website at: www.sika.ca or from your Sales Consultant.

The information, and in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions, within their shelf life. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any recommendations, or from any other advice offered. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users should always refer to the most recent issue of the Product Data Sheet for the product concerned, copies of which will be supplied on request or can be accessed in the Internet under www.sika.ca.
