PRODUCT DATA SHEET

Sable Marco® Crustacean Mix

Organic soil amendment enriched with crustacean meal

DESCRIPTION

Sable Marco® Crustacean Mix is a natural amendment enriched with crustacean meal designed to improve soil structure, increase moisture retention, and provide a rich source of organic nutrients. Its enriched formulation supports vigorous root development and sustained plant growth across a wide range of horticultural applications.

USES

Sable Marco® Crustacean Mix is ideal for use in planting trees, shrubs, annuals, perennials, and vegetables. Suitable for garden beds, vegetable patches, and flower boxes. Whether for initial planting or seasonal soil enrichment, it provides lasting benefits for home and commercial gardeners.

FEATURES

- Contains calcium-rich crustacean meal for stronger plant structure
- Enhances soil fertility with natural organic nutrients
- Improves water retention and aeration
- Promotes healthy microbial activity in soil
- Natural and eco-friendly composition

PRODUCT INFORMATION

Composition

This product is a blend of black soil, dry peat moss, compost (municipal biosolids), crustacean meal (Registration number 2023734F of Fertilizer act), and dolomite.

Guaranteed minimal analysis (%):

Total Nitrogen (N)	0.26
Total phosphoric acid (P_2O_5)	0.120
Available phosphoric acid (P_2O_5)	0.003
Soluble Potash (K_2O)	0.10
Calcium (Ca)	0.86
Magnesium (Mg)	0.90

Organic Matter	15
Maximum Moisture	45
Fertilizer or supplement registration number	Active ingredient derived from crustacean meal, 2023734F of fertilizer act

Packaging	12 kg (26.5 lb) bag
Shelf life	3 years
Storage conditions	Store in a cool, dry area protected from the elements. Keep bags sealed to prevent moisture exposure.

BASIS OF PRODUCT DATA

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

ECOLOGY, HEALTH AND SAFETY

User must read the most recent corresponding Safety Data Sheets (SDS) before using any products. The SDS provides information and advice on the safe handling, storage and disposal of chemical products and contains physical, ecological, toxicological and other safety-related data.

Caution: This product contains shrimp and other crustaceans. Adverse reactions may occur in sensitive persons. If skin contact occurs, wash with soap and water. Wear dust mask and protective gloves. If allergic reaction occurs, seek medical attention.

First aid: If on skin: wash with plenty of water. Take off contaminated clothing and wash it before reuse. If in eyes: rinse continuously with water for several minutes. Remove contact lenses, if present and easy to do. Seek medical attention if irritation occurs or persists.
Read label before using. Keep out of reach of children and animals.

APPLICATION INSTRUCTIONS

Tree and Shrub Planting

Dig a hole at least twice the width of the root ball.
Place a layer of Sable Marco® Crustacean Mix at the base of the hole.
Mix 1 part of Sable Marco® Crustacean Mix with 3 parts of soil for an optimal result.
Position the plant, backfill with the mix, firm gently, and water thoroughly.

Vegetable Gardens

In early spring, incorporate the Sable Marco® Crustacean Mix into the top 20 cm (8 in) of soil.
Avoid disturbing existing root systems during application.

Flower Boxes and Containers

Mix 1 part of Sable Marco® Crustacean Mix with 3 parts potting soil.
Add a 2.5 cm (1 in) layer of the mixture to the base of the container.
Fill and plant, then water to settle the mix.

LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for exact product data and uses.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product’s suitability for the intended application and purpose. Sika reserves the right to change the properties of its products.
