CANADIAN TECHNICAL BULLETIN 008

TARGET MARKET ROOFING

March 31, 2020 / FOR IMMEDIATE RELEASE

Subject : Approved Welding Equipment for Sika Sarnafil Membranes

This bulletin will define accepted seam welding equipment for use when welding Sika Sarnafil Canada membranes.

For automatic welders, all Sarnamatic series welders and Leister automatic welders approved for PVC field seam welding are accepted.

For hand welders, only the Liester hand welder series is accepted for use in welding our membranes.

All welding devices must be calibrated prior to use and welding must be done in accordance with accepted welding practices as instructed by Sika Sarnafil Canada Technical Department.

Please contact Sika Sarnafil Canada Roofing Technical Department for further information.
